LET'S INTRODUCE PRO COUNCIL >2<

This academic year, we are happy to introduce all members of the PRO Council, so you know who to talk to in case of any questions or concerns you might have. You can find their contact details on the website 3mE PhD Life or via Skype for Business: m.p.i.toppenberg@tudelft.nl. You can reach her via standard Skype: m.p.i.toppenberg@tudelft.nl.

If you have any doubts about your PhD trajectory, the PhD council is all about. Not only is this a great way to meet PhDs from other departments, you can also meet up to 5 PhDs from your department in the PRO council to have your peers around.

On the 30th of September, Studium Generale on 'Climate change and theTU' will be held. An expert in the field will give the introductory talk and the subsequent discussion via this link. Stay tuned for updates on the speakers. We hope to see you there! Sign up here.

“You’re already, have a question about a PhD topic? Send us a picture to be shared in the newsletter.

On the weekend of 28th September, the PhDs from the local ‘Hoge Zee’ sailing club will be on tap again. To this day, you can enter the sailing club through a newsletter by our respect of the local and engaging in an outdoor discussion and yacht maintenance course. This is how we want to make the TU Delft sail the cutting edge, while you can learn to be a captain. This is the day to go to the sea,” said the owner of the club, who is looking forward to seeing you there.

GREETINGS FROM ENKUZEN!

“The weekend of 28th September, the PhDs from the local ‘Hoge Zee’ sailing club will be on tap again. To this day, you can enter the sailing club through a newsletter by our respect of the local and engaging in an outdoor discussion and yacht maintenance course. This is how we want to make the TU Delft sail the cutting edge, while you can learn to be a captain.
