

Geo Delft Conferences 2018

1- 5 October 2018

Aula, TU Delft, the Netherlands

The joint Geo Delft 2018 Conferences will bring together communities from 4 related international organizations: ISPRS, FIG, UDMS and 3D GeoInfo. This will attract researchers from academia, industry and government active in all geo-information fields: data collection, advanced modelling, data management, data analysis, dissemination, visualisation for a wide range of application domains. Specific attention will be paid to the 3D aspects, smart cities and cadastres.

**ISPRS TECHNICAL COMMISSION
IV SYMPOSIUM**

1 – 5 OCTOBER

**3RD INTERNATIONAL
CONFERENCE ON SMART DATA
AND SMART CITIES (UDMS)**

4 – 5 OCTOBER

13TH 3D GEOINFO CONFERENCE

1 – 2 OCTOBER

**6TH INTERNATIONAL FIG
WORKSHOP ON 3D CADASTRES**

2 – 4 OCTOBER

Jointly organised by

UNIVERSITY
OF TWENTE.

Hochschule
für Technik
Stuttgart

IMPORTANT DATES

For ISPRS/3D GeoInfo/SDSC:

full paper 31 March 2018 and
abstract for short paper 30 April 2018

For 3D Cadastres:

extended abstract 1 May 2018
(and when accepted full paper 15 August)

ORGANISATION

Volker Coors (HfT Stuttgart) - Chair of 3rd International Conference on Smart Data and Smart Cities
Elfriede Fendel (TU Delft) - Delft University of Technology, Delft, The Netherlands
Mila Koeva (IRC/Twente University) - Chair of 13th 3D GeoInfo Conference
Peter van Oosterom (TU Delft) - Chair of 6th International FIG Workshop on 3D Cadastres
Eveline Vogels (TU Delft) - Delft University of Technology, Delft, The Netherlands
Hendrik Westerbeek (Kadaster) - Geo-informatie Nederland, The Netherlands
Sisi Zlatanova (UNSW) - Chair of ISPRS Technical Commission IV Symposium
