

USER INSTRUCTION SHEET

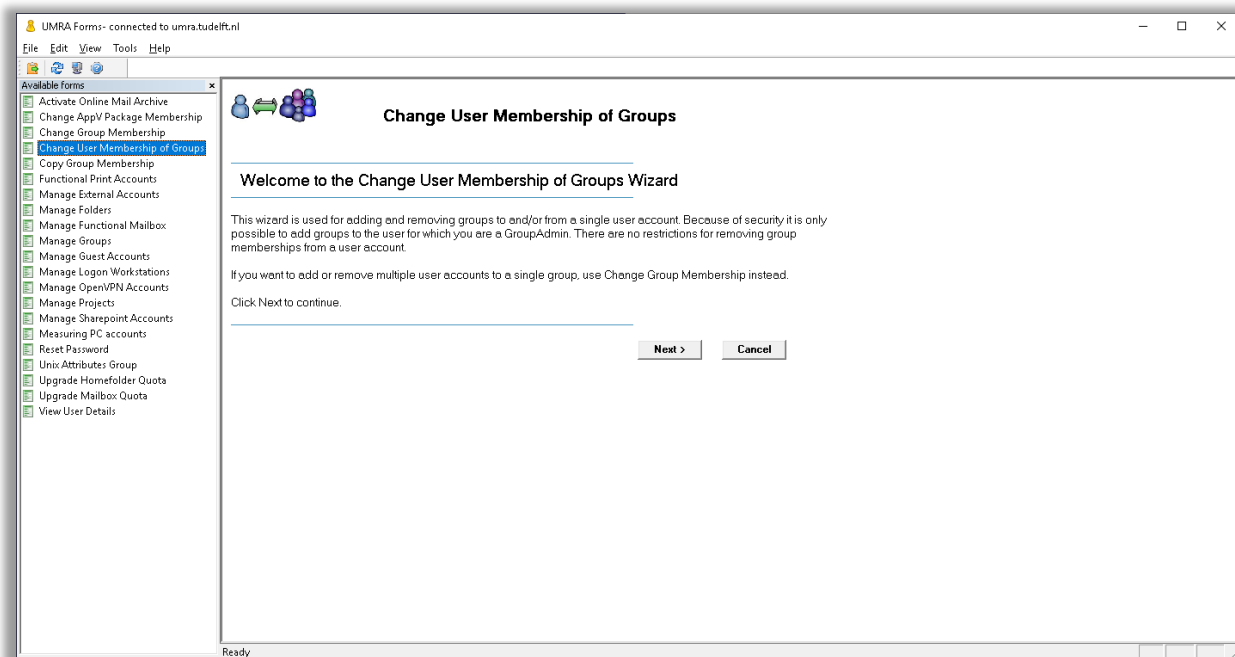

Change User Membership of Groups

This manual provides instructions on how to change user membership of groups using the UMRA Form **Change User Membership of Groups**. This wizard is used for adding and removing groups to and/or from a single user account. Because of security it is only possible to add groups to the user for which you are a GroupAdmin. There are no restrictions for removing group memberships from a user account.

Start the **UMRA Forms** application by double clicking the shortcut on your desktop.

- In the left pane you'll find all the Forms that are available to you.
- Click on **Change User Membership of Groups** to load the form.

- Click on the **Next** button to continue.
To be able to use the function you'll have to be a member of at least one GroupAdmin group. If you are, you can continue using the function.
