Change your Microsoft Lync password

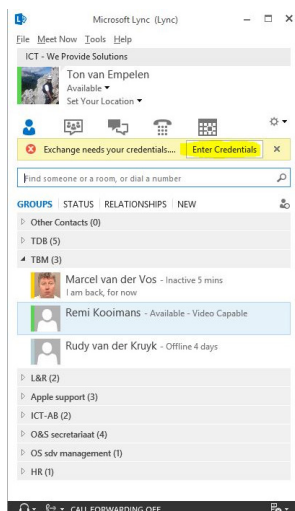

Before you begin

The following instruction is supported by the TU Delft and has been tested to be working. However, we offer this manual to you as an extra service. In case you have a configuration or version of **OPERATING SYSTEM** other than the one described here and you have problems **DESCRIBE PROBLEM**, neither ICT nor a Servicepoint will be able to help you to **DESCRIBE PROBLEM**.

Changing your Microsoft Lync password

1. Click in the start screen on Enter Credentials.

2. Change your password

Credentials are required

Lync needs your user name and password to connect for retrieving calendar data from Outlook
