How to publish an open access (OA) book

(Click on coloured fields for more information)

Definition of book/monograph for this workflow: a long-form academic work/book on a single research topic. This includes (peer-reviewed) edited collections and critical editions, but does not include book chapters, reference works, conference proceedings, dissertations, textbooks nor translations.

**Step 1** Choose an OA publisher

Do you have a publisher in mind?

- **YES**
  - Does the publisher publish OA books?
    - **YES**
      - Is your research funded by NWO?
        - **YES**
          - Include Book Processing Charges in project proposal
        - **NO**
      - **NO**
        - Choose another publisher to publish your book OA
    - **NO**
      - Consider publishing your OA book free of charge with TU Delft OPEN Publishing

- **NO**
  - Choose another publisher to publish your book OA

**Step 2** Fund your OA book publication

- **Is your research funded by NWO?**
  - **YES**
  - **NO**

- **Is your publisher listed in DOAB?**
  - **YES**
  - **NO**

- **Include Book Processing Charges in project proposal**

- **If you are funded by NWO, apply for the open access books funding scheme for up to €16k**

**Step 3** Use an open license

- **Has a TU Delft employee/emeritus/alumnus contributed significantly to the book?**
  - **YES**
  - **NO**

- **Apply for the TU Delft Open Access Fund, for up to €4,500**

If the book's other author(s) are affiliate with another institution, or the work is not composed during the authors' employment at TU Delft, please contact the TU Delft Library.

When negotiating a publishing agreement, retain your rights and agree with the publisher to publish your work with a Creative Commons license.

Contact the Copyright Information Point for more information on licenses.

If you are funded by NWO, apply for the open access books funding scheme for up to €16k.

Apply for the TU Delft Open Access Fund, for up to €4,500.
