

TOP 5 MOST COMMON FLAGS:

The use of a headphone or digital earplugs

*During the exam it is not allowed to use any headphone or digital earplugs.
Do not wear headphones or digital earplugs during your exams.*

Room scan not done properly

*When you scan the environment, show the entire room. Do it steadily, slowly and thoroughly.
Before confirming the room scan in RPNow, make sure to check that the empty desk and cleared walls are clearly visible.*

A full desk when taking the exam

*One of the requirements during the exam is to sit at an empty and clean desk.
Empty your desk before the exam, except for permitted materials.*

The use of unauthorized items

*Only the authorized items can be placed on your desk.
Remove all unauthorized items from your desk and environment.*

Not visible on the webcam view during the exam

*Even when you lean forward to do your calculations on paper, you should still be visible.
Position your webcam so that you remain in the webcam view during the entire exam.*
