Requirements for <u>video</u> showcase

In preparing a **video**, take into account the following conditions:

- The video should be **maximally 3 minutes** long;
- Resolution to use: **1080p** (1920 x 1080);
- Make sure to save it as an **.mp4** file, using **H.264** as the **compression** format.

In general, uploads to the Repository have a maximum file size of 400 MB, but try to make it as small as possible.
