

ADDENDUM MODEL TER 2022/2023

Article 3 - Admission to Bachelor's degree programmes ONLY FOR BACHELOR'S PROGRAMMES

Article 3 is supplemented with Sections 3a, 3b and 3c, and reads:

HBO propaedeutic year -> Bachelor's degree programme

3a. For the 2022-2023 academic year, in addition to Section 1 of this article, students referred to in Subsection b of this Section may be admitted conditionally provided that they:

- By 1 August 2022 at the latest, TU Delft has received a completion recommendation from their HBO (University of Applied Sciences) showing that the prospected student has obtained at least 50 of 60 credits of the first year and that it is likely they will successfully complete the relevant first year before 1 January 2023, and
- on the basis of which the degree programme has made a positive assessment.

If, on 1 January 2023, students have not met the admission requirements referred to in Section 1b of this article, they will be unenrolled from the degree programme.

International VO (pre education) EU -> Bachelor's degree programme

3b. For the 2022-2023 academic year, in addition to Section 1 of this article, students referred to in Subsection c of this Section may be admitted conditionally provided that before January 1, 2023 they:

- Will complete the high school diploma in a country from the European region, and
- By 31 August 2022 at the latest, TU Delft has received a completion recommendation from their high school showing that it is likely they will successfully complete the relevant degree programme before 1 January 2023, including an explanation of the national legislation applicable to the student.

If, on 1 January 2023, students have not met the admission requirements referred to in Section 1c of this article, they will be unenrolled from the degree programme.

International VO (pre education) CXC -> Bachelor's degree programme

3c. For the 2022-2023 academic year, in addition to Section 1 of this article, students referred to in Subsection c of this Section may be admitted conditionally provided that before January 1, 2023 they:

- Will complete the high school diploma / CXC exam, and
- By 31 August 2022 at the latest, TU Delft has received a completion recommendation from their high school showing that it is likely they will successfully complete the relevant degree programme before 1 January 2023.

If, on 1 January 2023, students have not met the admission requirements referred to in Section 1c of this article, they will be unenrolled from the degree programme.

Article 3 - Admission to Master's degree programmes ONLY FOR MASTER'S DEGREE PROGRAMMES

Article 3 is supplemented with Section 3, which reads:

3. For the 2022-2023 academic year, in the context of the outbreak of COVID-19, students who were enrolled at a Dutch university or HBO (University of Applied Sciences) in the 2021-2022 academic year may be conditionally admitted provided that, on 31 August 2022, they:

- have a deficit not exceeding 10 ECTS for the Bachelor's degree audit of the Bachelor's programme referred to in this article, or
- have a deficit not exceeding 10 ECTS for completion of the bridging programme referred to in this article, but
- have in any event successfully completed at least the following components:
AE3200 Design Synthesis (DSE)

If, on 31 August 2023, students have not met the admission requirements referred to in Section 1 of this article, they will be unenrolled from the degree programme.

The foregoing does not apply to the student who used the regulation applicable in the academic year 2020-2021 or 2021-2022 in connection with the COVID-19 outbreak for conditional admission in the event of a deficit not exceeding 15 ECTS.

Additional information about these temporary measures is stated in the [Regulations Leniency Bachelor-before-Master \("Zachte Knip"\)](#), to be retrieved from the Aerospace Engineering Student Portal website, and on the TU Delft Admission and Application [webpage](#).
