## Brightspace

Brightspace is TU Delft's digital learning environment. Students, instructors and staff use Brightspace for almost all communication for their courses. There is a Brightspace page for every course, but also for the master Applied Physics programme.

✉ [brightspace@tudelft.nl](mailto:brightspace@tudelft.nl)

## Digital study guide

In the digital study guide you can find all courses and course details related to a study programme. An advanced search engine helps you to select and find a programme or course.

📧 [studyguide.tudelft.nl](http://studyguide.tudelft.nl)

## Timetables

Here you can find the timetables for courses and for the programme.

📧 [timetables.tudelft.nl](http://timetables.tudelft.nl)

## Regulations

The regulations handle all possible issues concerning education and examinations. Please look at the web page for an overview and the archive of all regulations.

📧 [tnw.tudelft.nl](http://tnw.tudelft.nl)

## Register for exams

Written exams require registration! You have to register using Osiris which can be found via Brightspace. Students are required to register for written exams in the examination registration system no later than 14 days before the exam.

## PDEng Education, Stan Ackermans Institute

The three technical universities in the Netherlands; UTwente, TUEindhoven and TUDelft are cooperating in the Professional Doctorate in Engineering education. Together they offer 20 different post-MSc study programmes.

## International students

Useful information for international students is provided by the Dutch organisation for international cooperation in higher education (Nuffic). Their website provides lots of information on your stay in the Netherlands (information on the period before arrival, during your stay and after finishing your studies).
