

MSc Science Education and Communication - TU Delft

Master's Courses for Exchange Students

The course package proposals presented here were composed taking into account the coherence of their contents. Although an overlap between lectures and exams of the courses within the same package is not likely, it may occur due to unforeseen circumstances leading to schedule modifications. The course package proposal of the MSc SEC is intended for MSc students.

Please read the courses' pre-requisites [here](#) in order to determine whether the courses you select are a good fit for your educational background.
